

# DCSM2017

## 4th URV DOCTORAL WORKSHOP IN COMPUTER SCIENCE AND MATHEMATICS

This workshop is organized by the **Doctoral Program on Computer Science and Mathematics of Security**, with the aim of promoting the dissemination of ideas, methods and results that are developed in the Doctoral Thesis of the students in this program.

In addition, the workshop is open to the rest of post-graduate students of **Universitat Rovira i Virgili** who are interested in the topics of research involved in this doctorate. PhD students will present their current research work in a general way so that it can be followed by non-expert students of other related areas.

The workshop will have some invited talks, oral presentations and posters covering the following **main research lines**:

- Security and privacy in computer systems
- Artificial intelligence, robotics and vision
- Telematic architectures and complex networks
- Mathematics

### General Chairs

- David Sánchez
- Alexandre Viejo

### Organizing Committee

- Aïda Valls
- Jesús A. Manjón
- Olga Segú
